### Property Description

The location is perfect for this type of project, just off a quiet and private country road, but 2 minutes away from the main Elche/Rojales road and 7 minutes from the N332 coastal road and the beaches of La Marina. The urbanisation of La Marina is a short cycle ride or drive away and there you will find everything you need day to day, from restaurants and bars, to supermarkets, banks and other services. The regional airport of Alicante is also just 25 minutes away, so it is really very well located indeed. But, despite all these services and facilities being on your doorstep, the plot still retains a lot of privacy, especially with all of the neighbouring plots in the area being of an equal or even larger size...
