Property Description

The project is composed by 34 apartments distributed over 3 blocks. The blocks 1 and 3 have two levels with ground floor and top floor apartments, meanwhile block number 2 it is distributed over three floors with elevator. The apartments have an open plan layout between the living room, dinning room and the kitchen, two or three bedrooms and two bathrooms, from wich one en-suite with the master bedroom, all of them built with high standards and very good qualities. All the ground floor apartments offer a big garden with its terrace that can be accessed from the living room and at least one bedroom.

The middle floor apartments in block two have sunny balconies of approximately 20 sqm, plenty of space for your terrace furniture an...
